**Pearson LCCI Level 4 Diploma in Accounting & Finance
 (Preparatory Course)**

This qualification gives students advanced knowledge and understanding of management accounting techniques in business, budget setting, monitoring, variance analysis and business performance. This qualification also provides students with an understanding of the significance of financial statements and necessary skills to interpret complex financial statements for reporting and assist in decision making by providing clear analysis of the financial statements. Lastly, this qualification will also enable the student to understand how changes in both the internal and external environment impact on an organization and how different management practices can help shape its response to these changes; understanding the importance of motivation, leadership and teamwork in influencing an organisation’s performance.
